Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 9-24 are rejected under 35 U.S.C. 102(e) as being anticipated by Mochida et al. (U.S. Pat. 6,690,410) for the reasons set forth in numbered paragraph 4 of the previous Office Action, paper number 09272005.

Since claims 9 and 16 do not require the second signal processor as amended and argued, they are clearly still anticipated by Mochida et al. since it was shown that Mochida et al. discloses an endoscope, a signal processor and a connector as claimed.

Regarding claims 10, 11, 17 and 18, the amendment to the claims that specifies that the first and second output formats are "display formats" are met by the Mochida et al. reference since DV and MPEG2 are "display formats". If fact any format used for image signals would be a "display format" by the inherent nature of the signals representing images.

Response to Arguments

3. Applicant's arguments filed January 30, 2006 have been fully considered but they are not persuasive.

Claims 9-11 and 16-18 were addressed in the rejection appearing above.

It is noted that claims 23 and 24 were not amended and were not specifically discussed with respect to Mochida et al. Any future response that does not point out the supposed errors in the Examiner's rejection of these claims over Mochida et al. will be held non-responsive.

Conclusion

4. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
